

Create a New Group in the Organizational Structure

Last Modified on 04/24/2017 8:26 am EDT

Use the API to create a new group in the organizational structure.

```
public static void CreateGroup(string name,int parentId)
{
    IObsService obsService = engine.GetServiceWithCheck();
    obsService.CreateGroup(name,parentId,
        false,true,string.Empty,true,obsService.GetDefaultCalendar());
}
```
