Name:

Connection String: ...

- OK
- Cancel

Lookup Tables Options

Options	Description
General Table	Predefined lookup tables.
User Table	User-defined lookup tables.
External Table	External lookup table.
Connection String	Connection string to the lookup table. Only relevant for external tables.

Edit Rows in a Lookup Table

Edit rows in a lookup table in a form's data model, for example, to add combo box values.

Edit Row - Windows Internet Explorer
http://10.10.10.13:9090/WorkflowAdministration/Tables/QueryEditRow.aspx?queryPath=user:UTCMBa64157c1f2b3484d88cfcb63479fe6bb/Custc

Update Table: CustomerDetails

fldId	2
ShippingAddress	<input type="text" value="New York"/>
Credit	<input type="text" value="200.00"/>
PaymentMethod	<input type="text" value="+30 Days"/>
CustomerID	<input type="text" value="2.00"/>
