

GET /userInstancesService.svc/GetAggregatedData

Last Modified on 09/13/2021 5:20 am EDT

Returns open and closed processes for a user.

Method

GET

URL

https://localhost/Flowtime/_vti_bin/Flowtime/userInstancesService.svc/GetAggregatedData

Example Request

```
$.ajax({
  type: "GET",
  url: "http://server:port/_vti_bin/Flowtime/userInstancesService.svc/GetAggregatedData",
  dataType: "json",
  contentType: "application/json; charset=utf-8",
  success: function (data) {
    alert(data)
  },
  error: function (error) {
    console.log(error);
  }
});
```

Response Parameters

Name	Type	Description
CurrentRows	integer	Number of items returned.
Items	array	List of items returned. Each item contains properties as defined in the config file, for example <i>{WorkflowInstance:1,[etc.]}</i> .
Open	integer	Number of open processes.
Close	integer	Number of closed processes.
TotalRows	integer	Number of total items in the system.
PageSize	integer	Number of records returned on a page.
PageNum	integer	Number of the page to retrieve records for.

Example Response

```
{"CurrentRows":10,  
"Items":  
[{"Open":7,  
"Close":3  
}]  
,"TotalRows":12}
```
