

POST /MessagesService.svc/RemoveRecipients

Last Modified on 09/13/2021 5:17 am EDT

Remove multiple recipients from a message in Flowtime.

Method

POST

URL

https://localhost/Flowtime/_vti_bin/Flowtime/MessagesService.svc/RemoveRecipients

Request Parameters

Name	Type	Required	Description
activityInstanceId	integer (long)	required	Activity Instance ID.
userId	integer (array)	optional	User ID of the users that you want to remove from the message.
PageSize	integer	optional	Number of records returned on a page.
PageNum	integer	optional	Number of the page to retrieve records for.

Example Request

```
$.ajax({
  type: "POST",
  url: "_vti_bin/Flowtime/MessagesService.svc/RemoveRecipient",
  data: JSON.stringify(
    {
      activityInstanceId: 123,
      userId: 724
    }
  ),
  headers:
    {
      "uiculture": "en-GB",
      "culture": "en-GB",
      "theme": "/Flowtime/Shared Resources/Themes/Sequence8/",
      "X-SqXsrfToken":xsrf,
      "config": "Portal"
    },
  dataType: "json",
  contentType: "application/json; charset=utf-8",
  success: function (data) {
  },
  error: function (error) {
    console.log(error);
  }
});
```

Success Response

CommandResult = true
