

Display Closed Instances on a Custom Portal Page

Last Modified on 08/03/2017 1:49 am EDT

Use the following markup to display closed instances on a custom portal page.

```
<%@ Page Title="" Language="C#" MasterPageFile="~/Layouts/Masters/Portal.Master" MenuId="Portal" SelectedMenuItemId="ProcessesList" AutoEventWireup="false" EnableViewState="false" CodeBehind="Process.aspx.cs" Inherits="PNMsoft.Sequence.Runtime.Web.UI.Pages.Process" %>
<%@ Register TagPrefix="sq" TagName="ProcessInstancesGridControl"
Src="" %>
```

```
WorkflowViewStatus="Closed"
ConfigName="Portal" />
```
