

Use a WCF Consumer to Communicate with Oracle EBS

Last Modified on 07/27/2017 8:54 am EDT

Use this markup to enable Cora SeQuence to communicate with Oracle EBS using a WCF consumer.

```
"YourBindingName">
```

```
"ServerAddress" binding="basicHttpBinding" bindingConfiguration="YourBindingConfiguration" contract="YourContract_PortType" name="YourContract_Port">
```

```
