

# HotOperations for Developers

Last Modified on 03/13/2018 8:52 am EDT

As a developer, there are common tasks you will complete when creating a HotOperations solution.

1. [Create groups for the HotOperations solution](#)
2. [Assign Ops Managers and Team Leaders to the groups](#)
3. [Create and configure a HotOperations solution](#)
4. [Create and configure a master workflow](#)
5. [Configure a dynamic task](#)
6. [Troubleshooting HotOperations](#)
