Last Modified on 04/13/2021 10:01 am EDT

APRIL 2021

This is an update for Cora OpsManager V3.3.1, which resolves the product issues detailed below.

To download the release package and instructions, click here.

Resolved Issues

#	Issue	Resolution	Ticket #
1	For the following reports, the case owner appeared as Unassigned: • Opened Cases Per Month • Current Pending Work By Hours To Target Date • Current Open Cases By Status	The case owner appears assigned as expected.	
2	Querying the Reasons table without filtering resulted in diminished performance.	The performance issue is resolved now.	
3	The reminder email was not sent if you added many recipients in the reminder email To list and the list had more than 510 characters.	The reminder email is now sent to all the recipients in the To list.	213336
