Starting with V10.0, Cora SeQUENCE has been renamed to Cora Orchestration.

## V9.7-V10.x

This is an overview of the Cora SeQUENCE and Cora Orchestration database for reporting purposes. This information focuses on the major tables and fields only, it's not exhaustive.

### **WARNING**

It's forbidden, under any circumstances, to change or update system tables' data or schema without using the product API. You can add indices to user tables to improve database performance.
