26 FEBRUARY 2024

This update includes some resolved issues detailed below.

To download the release package and instructions, click [here](#).

Resolved Issues

#	Issue	Resolution	Ticket #
1	In a case, when a user navigated between the tabs and came back to the Conversation View, then while composing an email, the From address was populated with the default solution address instead of the case communication address.	The From address is populated with the case communication address.	1921090
2	In a case, when a user navigated between the tabs and came back to the Conversation View tab, then while composing an email, the case ID was not added to the subject while sending the email.	The case ID is added to the email now.	2056688
